**Managing workers' compensation in the time of COVID-19**

Everyone knows that these are "unprecedented times" and the pandemic has touched all of our lives in some way. We have gathered the current statistics on COVID-19 in OH along with the most frequently asked questions about how this pandemic impacts the way you manage your program. We will touch on topics from payroll reporting to claim allowance and issues involved with remote workers. Designed for both private and public employers.

**Understanding your rate calculation and the factors that drive your cost**

With a focus on what factors drive your premiums, this session will drill down to show how the Bureau of Workers' Compensation (BWC) calculates an employer's premium rate and explain the individual steps that go into determining the experience modifier. We will show how an individual claim can impact the rate calculation and touch on some claims management strategies that can be employed to favorably impact the calculation.

Designed for public employers.

These sessions have been certified by the Ohio Bureau of Workers' Compensation (BWC) for one hour of the two-hour safety training requirement for group and group retrospective-rated employers. To be eligible for the BWC safety training requirement credit, the attendee must remain in the session for at least 75% of the total session time.

Three business days prior to the webinar date, you will receive an email from [seminarsvp@sedgwick.com](mailto:seminarsvp@sedgwick.com). The email will include detailed instructions on how to join the webinar along with a copy of the presentation (if applicable). Please be sure to add this email address to your Safe Sender email file to ensure receipt.

If the 75% qualification is met for workers' compensation, we will send a certificate of attendance via email within 3 business days of the session date.

Please note: Our client education program is intended as an educational opportunity for clients of CareWorks Comp and CompManagement only unless otherwise communicated during the promotion, registration, or confirmation of each topic.
